**T**imes are changing and the way we build homes, do business, work and live as people is not as it used to be. But as much as things change, some things should always be the same. For us at Macdonald Bricks, quality standards and best practices in business are some of the unchanging things in us.

Since 1947, we have grown from strength to strength building cities brick by brick through those standards and we can assure you a future that remains the same in those two of all our ways. To always deliver on our promise of good quality, strong bricks!

**There is a Macdonald brick for every wall.**

## INTRODUCING KINGS CITY

Bulawayo has a strong, well documented cultural heritage that is embodied in it's brand as the City of Kings. Kings City carries on the same heritage with the concept of building a premium royal estate. With over 2000 hectares of prime land, it is an opportunity to create a truly idyllic, picturesque estate.

Currently available are 359 low density residential stands, 2000m<sup>2</sup> to 4000m<sup>2</sup> in size. It is an opportunity for every home owner to fully express themselves with quality interior and exterior spaces. Combined with our approved plans and architectural guidelines, the building standards are a direct conveyor towards an upmarket, prestigious real estate investment that continues to grow in value.
